## 1. Chapter 1

Rachel was 15 and was close to her mum Kim, she would normally tell her everything but this time she was quite, she hated it when Kim would leave her alone with Ralph, as rach knew that he would sexually assault her again, it was a Thursday morning rach was getting ready for school, Kim was already at the school so rach Was alone with her dad, Kim had no idea on what was going on, She had tried to talk to Rach but for the past five years Rachel wasn't as close to her anymore, she was at the school that morning, Ralph had came into Rachel's bedroom that morning.

Rachel was getting ready for school, so she was in her underwear , she didn't know that he had came in, She had her uniform laid out on the bed, Ralph came over to her and started to kiss her neck, Rach felt and looked down

"Stop" she asked him, but he didn't say anything and held her tight and carried on kissing her neck

"Dad stop I've got school" she asked again

"You can miss the morning" he replied as he moved the uniform off the bed while still holding Rach in a tight grip

"Mum would be worried"

"No she won't" he replied as he undid her bra and taking it off, throwing it onto the floor, he looked at her and gave her a smirk

"She will" Rach said as she put her hands on her boobs as she didn't

like him touching them, Ralph moved her hands and pushed her down onto the bed, he put Rachel's arms up above her head then tied her hands together then tied them to a metal pole of the head board, she looked up at him , she was scared again, she always knew what was going to happen when she was left alone with him, she had started to hate herself for it when it wasn't her fault.

"No...please...no" she said as she started to panic, Ralph smirked at her again and unbuttoned his belt then he unbutton his jeans and pulled them down, he held his penis before he put it in between her boobs and started to shag her boobs with it, he ran a finger along her pussy then started to rub her as he ran another finger along her pussy, he wanted to make wet before he would pull her pants down and shag her.

Ralph kept rubbing Rachel's pussy, he had now put his penis into to Rachel's mouth, she didn't want to suck him off but knew that she didn't have much of a choice so she slowly licked the tip of the penis before she went deeper, as she was sucking him deeper she started to get wet, she held onto the metal pole that she was tied to as he started to rub her harder. As Rach had a pair of white pants on it was easy to see that she was getting wet.

Rach kept sucking him deeper making his walls get tight as he was gonna cum soon, he looked down "your a good girl for daddy" he smirked then moved her pants to the side so he could insert a finger.

Rachel's eyes widened as he inserted to fingers and started to finger her fast and deeper, she held onto the metal bar more tighter and tried to make him stop but he didn't care and started to cum in to her mouth, Rach looked away as he was cuming in her mouth, he got even more faster and deeper adding another finger , her walls had gotten tighter and soon she was gonna cum.

After a few minutes of Ralph fingering her, Rach started to cum and of course Ralph didn't want to waste it so he went down on her and started to lick her as she kept cuming , once Rach had finished cuming Ralph untied her from the bed and turned her over so that she on her hands and knees, he pulled down her pants and inserted his penis into her anal and started to shag her roughly , Rach kept her head down as he did she was wishing for her mum to come in and save her.

It didn't take Ralph long until he came inside her anal, he took his penis out of he and laid her back down on her back, he inserted his penis inside of her pussy and started to shag her slowly, Rach had tears in her eyes feeling him, she wanted him to stop.

Ralph looked at her then as he carried on shagging her picking up the speed, Rach closed her eyes as Ralph was hurting her, Ralph just carried on and got harder and more faster, Rach wanted Kim to stop him as Rach wasn't strong enough to get him off herself.

Kim had noticed the time and grabbed her car keys, Rach couldn't do nothing so she had to let him shag her, Kim had got home and walked into the house looking around for Rach before making her way upstairs, Rach had started to shout for her mum, Ralph was shagging her harder, Faster and much more deeper then before, he was squeezing her boobs making them wet while meaning our her name.

Rach just laid on the bed feeling him get deeper and harder, tears started to steam down her face, Kim walked into the bedroom room and saw him, she was shocked but looked over at Rachel and how she had tears streaming down her face "Get off her your hurting her" Kim shouted at him then went over to pull him off her

Ralph had just finished cuming inside her as Kim did, he had Made her pregnant, Rach didn't know what to do so she just laid there on the bed, Kim had pushed Ralph out the room and looked the door and looked over at Rach.

Rach couldn't look at her as she was ashamed, Kim came over and sat on the bed, Rach moved a little as she thought that she was going to hurt her.

## 2. Chapter 2

Kim looked at her and noticed that Rachel's hands was still tied together, she leaned over to her and untied her hands gently, Once Rach had her hands free she moved away from Kim a little bit more as she thought that Kim hated her.

"Rach come here" Kim said as she had tears, Rach shook her head to say no as she still thought she was going to hurt her, Kim didn't know what to do so she wiped her eyes and got up going over to the door and unlocking it, Rach looked over and noticed

"No don't let him in" Rach cried as she wanted to be alone with her mum but didn't know how to ask her to stay.

"I wasn't" Kim said looking over at Rachel

"You unlocked the door..." Rach looked at her as Kim was looking at her

"I was leaving you alone" Kim replied

"Don't..."

Kim came back over to her and sat back on the bed, Rachel saw that the door was still unlocked and started to freak out "Lock it" Kim got up and went back over to the door and locked it again. Rach wanted to get drunk to erase what she had just gone through but knew that she was under age and that Kim wouldn't let her, Kim came back over to the bed and sat down close to Rach who was still lying down so Kim gently sat her up and looked at her. Rach looked at her a little before looking away

"I want Vodka"

"Your not drinking"

"Why not?"

"Because your not"

"I really need it" Rach didn't know what she wanted but she knew that she wanted her mum to hold her and to tell her that everything was

going to okay

"You don't need it" Kim said as she got off the bed and went over to Rachel's wardrobe and looked for something comfy for Rach to wear, she found a top and sweatshirt and a pair of joggers, she got her a new pair of pants. Kim went back over to her and gently put the the clean pair of pants on her and pulled them up, she gently up the joggers on and pulled them up to. Rach was letting her mum dress her but as Kim was putting the top and sweatshirt on Rach looked down, still feeling ashamed to look at her. Kim looked at her and sat with her, she didn't do anything but just sat there giving Rach some time to do anything if she was going to. Rach slowly took her hand as she wanted a hand to hold. Kim looked down watching her then held her hand and rubbed her hand a little to let Rach know that she was there for her.

"Im...Im sorry" she said as she looked up at her mum, She had more tears streaming down her face

"You have nothing to be sorry for"

"I do... I should of told you on the very first day it happened"

"I understand"

"No you don't..."

"Alright I don't and I'm trying to help here"

"You only know what happened today but there's more to it..." Rach said as she looked away again

"Then tell me"

"Five years...Five fucking years mum!" she said as she cried a little as she looked at her a little

"I'm sorry...I've been a useless mum.."

"You was there...I was the one who pushed you away" she seen that she had a knife under her bed, she reached for it and took it out from under the bed and held it against her wrist, Kim looked at her as she did she looked scared.

"Rach don't"

"I don't wanna be here... I'm sorry but I don't..." she said as she held the knife tighter against her wrist

"And what about me? Your just going to leave your mum?" Kim said as she cried a little

"I cant stay here...Not knowing he's around"

"I cant lose you"

"I've got nothing... He's took it all from me..."

"You've got nothing so am I nothing to you?" Kim said as she got up and went over to the door and unlocked it and walked out leaving

Rachel on her own.

"Please don't leave me" Rachel shouted, Kim felt a little hurt and walked into her room and sat down on the bed, ignoring Rachel's shouting

"Mum! Please don't leave me!" She shouted again and accidentally slit her wrist, she looked down at the blood "Shit!" She said as it hurt "Mum!"

Kim didn't go in as she was was hurt by what Rach had said, she cried a little

"Mum I need you!" She shouted again hoping this time Kim would come in, Kim sighed and came back into Rachel's room and looked at her, Rach stood there next to the puddle of blood "I didn't mean to"

Kim went and got the first aid kit from the bathroom and went to Rach and got some wipes out and started to clean the cut before she got the roll of bandages out, she then got a pad for the bandage and held the pad onto the cut and started to bandage up her wrist , Rach let her and pulled a few faces as she did, it stung.

"It was an accident"

"Was it?"

"Yeah" Rachel nodded

Kim was now down with bandaging up her hand "it's gonna hurt for a few days"

Rach nodded again and looked at her knowing that Kim wanted to know what had happen for the five years.

"I was ten when he first started it..."

Kim looked at her and took her hands , Rach looked down "I remember it clearly"

"You was to young"

"I remember it was my tenth birthday...You had to pop out for something... He said to me that I had an extra present from him" Rachel's hands was shaking

"I shouldn't of gone out"

"He made you..." She said taking a breath "he took me upstairs to my room and locked the door, he started to undress me till I was naked then he would pis me down on the bed and tie my hands to the head board..."

"Rach stop, don't say no more" Kim put her head in her hand after letting go of Rachel's hands

"He said if I told anyone then I'm dead..."

Kim looked at her again "don't believe that for a second"

"I did and now look where it got me"

Kim held Rachel close, Rach put her head on her shoulder "I'm scared to be alone"

"Well that's not going to happen anymore"

"What you going to do?"

"Well we are getting some clothes into a bag and getting in that car and we're gonna drive anywhere for a while"

Rach nodded got comfy on her and fell asleep on her as she felt safe, she was also tired from what had happened, Kim held her as she did and took her back over to the bed and laid her down "it's going to be okay"

"Please don't leave me" Rachel mumbled.

"Hey I'm not leaving you"

Rach didn't say anything as she was sleeping, Kim laid down next to her, keeping Rachel's head on her chest.
